DIRECTORS' RESPONSIBILITY AND APPROVAL OF THE ANNUAL FINANCIAL STATEMENTS

The directors are responsible for ensuring that the annual financial statements fairly present the financial position and operating results of the company. The annual financial statements have been compiled by management in terms of South African Statements of Generally Accepted Accounting Practice and are supported, where appropriate, by reasonable and prudent judgements and estimates.

The directors are also responsible for the systems of internal control. These are designed to provide reasonable, but not absolute, assurance as to the reliability of the financial statements, and to adequately safeguard, verify and maintain accountability of assets, and to prevent and detect material misstatement and loss. The systems are implemented and monitored by suitably trained personnel with an appropriate segregation of authority and duties. Nothing has come to the attention of the directors to indicate that any material breakdown in the functioning of these controls, procedures and systems has occurred during the year under review.

The financial statements are prepared on a going concern basis. Nothing has come to the attention of the directors to indicate that the company will not remain a going concern for the foreseeable future.

The annual financial statements, set out on pages 6 to 23, were approved by the board of directors on 27 October 2005 and are signed on its behalf by:

Director

Director

**REPORT OF THE INDEPENDENT AUDITORS
TO THE MEMBERS OF THE SMALL ENTERPRISE FOUNDATION**

Introduction

We have audited the annual financial statements of The Small Enterprise Foundation set out on pages 6 to 23 for the year ended 30 June 2005. These annual financial statements are the responsibility of the company's directors. Our responsibility is to report on these annual financial statements based on our audit.

Scope

We conducted our audit in accordance with Statements of South African Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes:

- examining, on a test basis, evidence supporting amounts and disclosures included in the financial statements;
- assessing the accounting principles used and significant estimates made by management; and
- evaluating the overall financial statement presentation.

We believe that our audit provides a reasonable basis for our opinion.

Qualification

In common with similar organisations, it is not feasible for the company to institute accounting controls over cash collections from grants received prior to the initial entry of the receipts in the accounting records. Accordingly, it was impracticable for us to extend our examination beyond the receipts actually recorded.

Audit opinion

Except for the effects of any adjustments which might have been necessary had it been possible for us to extend our examination of cash collections from grants, in our opinion, these annual financial statements fairly present, in all material respects, the financial position of the company at 30 June 2005, and the results of its operations and cash flow information for the year then ended in accordance with South African Statements of Generally Accepted Accounting Practice, and in the manner required by the Companies Act in South Africa.

**REPORT OF THE INDEPENDENT AUDITORS
TO THE MEMBERS OF THE SMALL ENTERPRISE FOUNDATION (continued)**

Funding of the business

Without further qualifying our opinion above, we draw attention to the fact that the company is not yet generating sufficient income to fund its operations and business activities, and is still dependent on grants in order to continue as a going concern in the foreseeable future.

27 October 2005

THE SMALL ENTERPRISE FOUNDATION
(An association incorporated under Section 21 of the Companies Act)
REPORT OF THE DIRECTORS
30 June 2005

The directors have pleasure in presenting their report on the company for the year ended 30 June 2005.

BUSINESS REVIEW

The principal business of the organisation is to motivate the poor to take up income generating activities and to extend credit to micro-entrepreneurs to enable them to realise their potential and thereby generate income and employment. The company is registered with the Micro Finance Regulatory Council.

The Small Enterprise Foundation ("SEF"), has since inception, granted 217 660 (2004: 167 768) loans to the value of R236 million (2004: R170 million).

OPERATING RESULTS

Results for the year ended 30 June 2005 are set out on page 7 of the financial statements. The directors are pleased to report a 38% increase in loan advances as well as a 40% increase in loan interest income. At the same time expenses, excluding finance costs and impairment of advances, increased by 33% due to four new branches being established.

LOAN LOSS RESERVES

In cases where borrowers experience death amongst their members, the company will decrease the group's repayment and write-off the amount owed by the member. Such write-offs are classified as death write-offs and are included under operating expenses. During the year under review an amount of R125 046 (2004: R71 240) was written-off.

A debt is declared bad once it is 84 days in arrears. An amount of R93 810 (2004: R207 159) was written off during the year under review.

We believe that this excellent performance will be maintained due to the nature of the lending procedures, the diligence of the field staff and the commitment of clients.

The only instance where the organisation allows the renegotiation of delinquent loans is where clients are able to provide medical evidence of long-term illness. Such amounts are not written off, and the respective clients are urged to continue with loan repayments when their condition improves. The accumulative amount renegotiated in this way since inception and still outstanding at year-end was R111 860 (2004: R49 862).

THE SMALL ENTERPRISE FOUNDATION

THE SMALL ENTERPRISE FOUNDATION
(An association incorporated under Section 21 of the Companies Act)
NOTES TO THE ANNUAL FINANCIAL STATEMENTS
30 June 2005

1. ACCOUNTING POLICIES

The annual financial statements have been prepared in accordance with the South African Statements of Generally Accepted Accounting Practice. The annual financial statements are prepared on the historical cost basis, except for certain financial instruments which are fair valued, and incorporate the following principal accounting policies, which have been consistently applied with prior years in all material respects:

1.1 Interest earned on advances

Interest earned on advances is recognised using the effective interest rate method over the term of the loans.

1.2 Other interest received

Other interest received is accrued on a daily basis using the effective interest rate method.

1.3 Grants received

Operational grants received

These are grants which are specifically designated as being for operational expenses, where the expenses to which they relate have actually been incurred and charged to income in the same period, and where all the contractual conditions for payment of the grant amount have been met.

Grants for loan capital

Grants designated for loan capital are taken directly to General Capital Reserve and Development Reserve.

1.4 Property and equipment

Property and equipment are stated at historical cost and are depreciated using the straight-line method over the estimated useful lives of the assets.

Furniture and fittings	5 years
Office equipment	5 years
Computer equipment	3 years
Motor vehicles	4 years
Buildings	40 years

Land is not depreciated.

The carrying amounts of property and equipment are written down to their estimated recoverable amounts, where the estimated recoverable amount is lower than the carrying value.

THE SMALL ENTERPRISE FOUNDATION
(An association incorporated under Section 21 of the Companies Act)
NOTES TO THE ANNUAL FINANCIAL STATEMENTS
30 June 2005

1. ACCOUNTING POLICIES (continued)

1.5 Financial assets and financial liabilities

Financial assets and financial liabilities are recognised on balance sheet when the company becomes a party to the contractual provisions of the instrument.

All financial instruments are initially measured at cost, which is the fair value of the consideration given or received in exchange for these instruments.

At 30 June 2005, the company's principal financial assets included cash and short term funds, advances and accrued interest, and accounts receivable. Advances and accrued interest are measured at amortised cost. Cash, short term funds and accounts receivable are stated at their nominal values which approximate fair values. All financial assets are reduced by appropriate allowances for estimated irrecoverable amounts where applicable.

At 30 June 2005, the company's principal financial liabilities included accounts payable, short and long term loans. Short and long term loans are measured at amortised cost. Accounts payable are stated at their nominal value which approximate fair value.

1.6 Retirement benefits

Contributions to retirement benefit funds are charged to the income statement when they are incurred.

3. ADVANCES -PRINCIPAL AMOUNT OUTSTANDING (continued)		
<p>A total amount of R139 556 (2004: R65 529) was in arrears at the financial year-end. An analysis of the arrears for the current year is presented below. The ratios presented are based on the arrears balance, divided by the gross advances principal amount as at year-end.</p>		
4. ACCOUNTS RECEIVABLE		
<p>Included in accounts receivable is an amount for staff debtors of R33 870 (2004: R93 000). These constitute small loans available generally to all first time vehicle users, salary advances given to staff, as well as study loans. These loans are interest free. There were no arrears in respect of staff loans (2004: R nil) at the financial year-end. Loans are normally repaid over a period of two years.</p>		
Staff debtors and other accounts receivable	264 117	207 755
5. CASH AND CASH EQUIVALENTS		
<p>Cash and cash equivalents consist of cash on hand and balances with banks. Cash and cash equivalents included in the cash flow statement comprised the following balance sheet amounts:</p>		
Cash and short-term funds	3 460 932	4 461 846

6. GENERAL CAPITAL RESERVE		
<p>The General Capital Reserve comprises of grants received from donors other than USAID (see Development Reserve, note 7). Such grants are, for the most part, non-recurring grants from a variety of organisations wanting to express their interest in, and support of, the work performed by The Small Enterprise Foundation. All grants have been designated by the donors concerned as loan capital to be utilised for future disbursements of loans to members. No new grants were received during the year under review.</p>		
Balance at end of year	587 953	587 953
	<u> </u>	<u> </u>
7. DEVELOPMENT RESERVE		
<p>The Development Reserve comprises mainly of grants received from USAID in terms of a five year agreement that expired in September 1995. Such funds were designated by USAID as Financial Structure support. As with General Capital reserve, all such grants are designated as loan capital to be used for future disbursements of loans to members.</p>		
Balance at the end of year	6 765 589	6 760 016
	<u> </u>	<u> </u>
8. EDUCATIONAL RESERVE		
<p>The Educational Reserve comprises of small grants by individuals. The donors have requested the funds be used to disburse educational loans to existing members of the organisation under an educational loan programme introduced in 1998.</p>		
Balance at the end of year	20 188	20 188

9. LONG TERM LOANS

Hivos Triodos Bank

Hivos Triodos Bank of the Netherlands has approved two loan facilities totalling R5 million. The first facility, for R1 million, is redeemable in South African Rand in one instalment of R1 million on 1 November 2005. No specific grace period is specified in the contract.

For the initial tranche of R500 000, interest is paid at the prime rate, with a minimum of 12% and a maximum of 18% per annum. For the second tranche of R500 000, interest is paid at a rate of 4% below prime, with a minimum of 14% and a maximum of 18% per annum. Interest is payable six monthly in arrears.

The second facility of R4 million is redeemable in South African Rand, in two instalments of R2 million each, on 1 July 2007 and 1 July 2008 respectively. No grace is specified in the contract. Interest is paid at the prime rate, with a minimum of 12% and a maximum of 18% per annum, and is payable six monthly in arrears.

The purpose of the Hivos Triodos loans is to increase the working capital for the purposes of on lending to micro entrepreneurs. The loans are secured by a first cession of the advances book to micro entrepreneurs financed by this loan facility.

Balance at the beginning of the year	3 000 000	1 000 000

9. LONG TERM LOANS (continued)

The average balance outstanding during the year on the first loan, calculated on a straight-line basis, was R1 000 000 (2004: R1 000 000). Interest accrued and paid during the year amounted to R130 000 (2004: R140 000). There were no arrears in respect of this loan during the year under review (2004: R Nil).

The average balance outstanding during the year on the second loan, calculated on a straight-line basis, was R3 666 667. Interest accrued and paid during the year amounted to R436 666. There were no arrears in respect of this loan during the year under review. (2004 : R Nil)

Khula Enterprise Finance Limited

In 2003, the company entered into a business loan agreement with Khula Enterprise Finance Limited. The maximum loan facility under this agreement is R10 million. Interest on loan drawdowns is calculated at prime base rate minus 3% and drawdowns are repayable over 36 months from the date of the specific drawdown.

In the current year, the company entered into two additional business loan agreements with Khula Enterprise Finance Limited. The maximum loan facilities under these agreements are R2.1 million and R9.6 million. Interest on loan drawdowns is calculated at the prime rate minus 3%. Drawdowns in respect of the R2.1 million facility are repayable over 36 months from the date of the specific drawdown. The repayment period in respect of the R9.6 million facility is set at a maximum of 60 months from initial drawdown.

This loan is secured by a cession of the Khula end user loans.

Cash utilised by operations	(6 215 974)	(5 451 565)

18. RISK MANAGEMENT

Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation, and cause the other party to incur a financial loss. The Company mitigates this risk by employing a comprehensive framework of policies, procedures and limits to ensure a process of risk assessment, quantification and monitoring.

Liquidity risk

Liquidity risk, also referred to as funding risk, is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. As the Company is still dependant on grants in order to continue as a going concern, the managing of this risk factor is critical to the Company's survival. The company does however have loan facilities available should funds be required to meet commitments.

Cash flow risk

Cash flow risk is the risk that future cash flows associated with a monetary financial instrument will fluctuate in amount. The Company mitigates this risk by setting fixed repayment terms for all loans and advances.
